

Lab-6 Ex1 - Finite Repetition Again!

(Prelab*)

This is a PreLab exercise. Please do the PreLabs after each lecture and submit before you come to lab!

This is the same problem we have done last time! This time, let's try to use *for-loop*.

The sample input/output follows:

Sample run (input is *bold and italic*):

```
letter 1 is A
letter 2 is B
letter 3 is C
letter 4 is D
letter 5 is E
letter 6 is F
letter 7 is G
letter 8 is H
letter 9 is I
letter 10 is J
letter 11 is K
letter 12 is L
letter 13 is M
letter 14 is N
letter 15 is O
letter 16 is P
letter 17 is Q
letter 18 is R
letter 19 is S
letter 20 is T
letter 21 is U
letter 22 is V
letter 23 is W
letter 24 is X
letter 25 is Y
letter 26 is Z
```

Please DO NOT print the 26 lines manually!
